

THE

WEDDING

EXPERIENCE

A Guide for all Lydia Teague Brides

W E L C O M E

Hello Bride-to-be and Welcome! This is such an exciting time for you! I'm sure your mind is racing with all that needs to be planned. It's all very exciting, but it can also be somewhat overwhelming. You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! My goal as a wedding photographer is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. The goal of this guide is to help you plan your wedding day in a way that will allow me to provide you with the BEST experience possible. Since you're officially an LT Bride, the next step is to plan your engagement session and then start chatting about wedding day details as we get closer to your date! I'm beyond excited to be working with you!! I cannot wait to get to know you two during your engagement session and even though you may never meet Lee, Simon, Ellie, and Abby, they say "Hi" too!! From my family to yours, Welcome! It's an honor to be your wedding photographer!

A LITTLE ABOUT ME

I am incredibly passionate about wedding photography, and my goal is to capture images that you will look back on in 50+ years, and feel like it was just yesterday. My life experience has taught me to anticipate when the Father of the Bride wipes away a tear or when the Groom dances with his Grandmother. These moments are fleeting. My clients feel the emotion within the photos, whether through laughter or tears, as they recount the variety of special moments captured throughout the day.

LYDIA

My degree is a Bachelors of Science Degree in Nursing which I used as a NICU RN for about 8 years before I found photography. I'm married to my high school sweetheart and we have 3 kids. I'm a Native Texan and love my homestate dearly. We have 2 rescue dogs, Ollie, a purebred beagle, and Cookie a beagle/shephard mix. I was put on bedrest with each of my pregnancies, and that's when my hubby bought me my first DSLR. It became an obsession to learn how to recreate the style of photography that I was naturally drawn to. That was in 2012 and shortly afterwards I started my business.

LETS TALK ABOUT

me and you

THE GIFT OF friendship.

This may not be what you were expecting to find in your photographer's client guide, but if you don't read anything else in this magazine, please read this. It's started realizing that what I desired in my business, more than anything, was a personal connection to my couples. Everyone wants to be known, seen, loved and befriended. I don't know if I've ever met a human being who didn't appreciate someone caring about who they are, what they're passionate about, etc. In the early years of my business, I photographed friends and their family. It was easy because I already knew them and I could interact on a friend level to get geniune expressions. Having a heart for genuine friendships in my business has made it so much more than how I pay the bills, it's a huge part of my purpose in life. Not only is my friendship with my couples a gift to me, but it positively impacts my client's wedding day experience. When you are getting ready the morning of your wedding day, it will be a relief to feel like a friend walks through those doors with a camera and not just a random hired vendor. Friendship breeds comfortability and comfortability leads to trust... and trust is something that EVERY bride needs to have in their relationship with their wedding photographer! I'm so excited to get to know you during your engagement session!

YOUR ENGAGEMENT SESSION

Now that you have picked a date, a photographer and probably a venue as well, you can celebrate! Those are some of the toughest decisions in wedding planning and you can cross them off your list! Hooray!! Now on to the fun stuff.... like your engagement session! I include engagement sessions in The Wedding Experience because I truly believe that they are a VITAL part of the entire process. During your engagement session, you'll have the chance to get to know me, experience how I shoot and how I handle posing and lighting. This session will make a HUGE impact on how the wedding day flows. I'll arrive on your wedding day already knowing how you two interact, what your best poses are and how to photograph you in a genuine way! What I will learn about you during your engagement session is invaluable! You will feel like such a pro on your big day because of the great practice you had during your engagement session, and that's how it should be!

Your engagement session can be scheduled anytime before your wedding day. I normally suggest booking it at least 3-6 months in advance to avoid stress. Because our weekends are filled with weddings, I shoot engagements on weekday evenings, normally from 5-7pm depending on the light and the time of the year. In the winter months, 3-5pm is a normal time frame for an e-shoot! As you start to plan for your engagement shoot, you will need to start brainstorming about location ideas. I LOVE it when couples pick a location that is special or sentimental to them in some way! If you can't think of anywhere specific that you would like to shoot, I can help you decide on a location. As long as the light is great, I can make ANY location look awesome! I shoot at farms, campuses, downtown alleys and historic venues! I'm serious! Do not shy away from crazy ideas! The more creative, the better! Be sure to keep reading to find out more about outfit ideas and inspiration!

ENGAGEMENT PREP

It's always a little intimidating to have your picture taken even if it's just a photo on an iphone that is taken by a friend. We still want to look nice, make sure nothing is in our teeth and that our hair is behaving! I realize that preparing for your engagement session can be a little overwhelming. Over the next few pages, I'll be providing tips for outfits, handling nerves and recommendations that will make your shoot the best it can possibly be!

the basics + what to bring

POCKETS | Empty your pockets! Literally. You don't want to have key chains or phones showing through your pockets. (This is for the guys especially!)

TIMING | The sun sets quickly especially if your shoot is not in the summer months. The later you arrive, the less time we have to shoot! Once the sun is set, the shoot will be over.

RING CLEANING | Clean the ring! I love to shoot a few rings shots while you change outfits! The cleaner the better.

CHANGING CLOTHES | As much as I would like to say that we always have restrooms for outfit changes, more often than not, our clients do quick outfit changes in their car if there are no other options!

DEEP BREATHS | I'm going to help you along the way and it's going to be a blast! Enjoy this time together, and make a date out of it! Plan dinner afterwards and celebrate!!

PARKING FEE | This may not apply to your shoot, but you always want to plan in advance for a cash-only parking fee that we may encounter or any tolls. We've had instances where this has caused some stress and stress is what we want to avoid!

CLOTHING | I'll explain this more in-depth in the next few pages but generally, our couples like to bring one casual outfit and one dressier outfit! If you're unsure about a few pieces, feel free to bring all options and I can help you decide.

LIP COLOR & HAIRSPRAY | You may need to apply more lip color after one outfit change and a few kisses. (If you have a bold lip color, try to have a matte finish so it won't transfer to your groom as intensly!). Hairspray and a brush will be helpful if your hair struggles in the humidity!

FLIP FLOPS | If you're wearing shoes that are difficult to walk in but look awesome, bring some comfy shoes to change to while we walk to each shooting location!

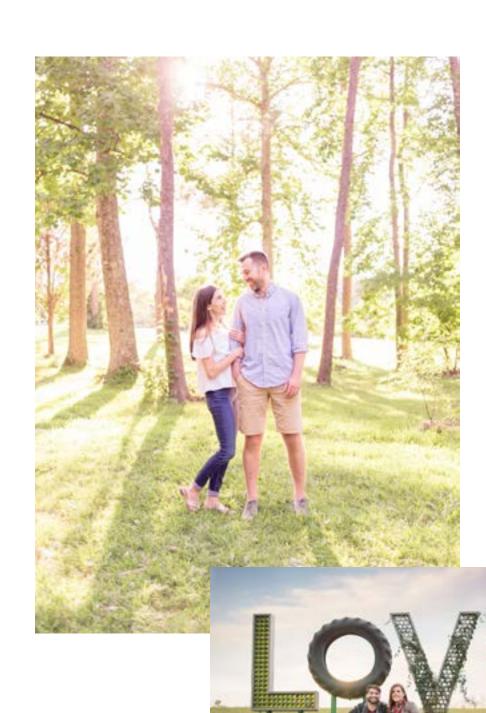

SELECTING OUTFITS

and styling your shoot.

Believe it or not, you have so much control over the outcome of your shoot and what it looks and feels like! What you choose to wear is a big decision that often causes a ton of stress for the bride beforehand. However, my hope is that with a little education, you will be able to determine style and feel you desire for your shoot and then that will make your outfit selection so much easier and less complicated! Lets start by de-bunking some very common outfit myths that a lot of people believe about what they should wear to their session!

OUTFIT MYTHS

- 1. MYTH ONE: *Avoid neutrals, they wash you out!* Whoever started this myth couldn't have been further from the truth. Sure, there are some colors that don't work for some people, but I spent a large majority of my life believing that I could never wear neutrals and I was missing out! The truth is, neutrals are the most photogenic color for portraits.
- 2. MYTH TWO: *Always wear black or you won't look thin!* Sure, black is sliming, but it's always very heavy in portraits. There is nothing wrong with black but if you're only wearing it to look thinner and deep down you're hoping for light and airy portraits, it may not be the best choice.
- 3. MYTH THREE: *You two need to match!* Please, for the love of all things beautiful, please don't try to match your significant other! Instead, try to coordinate! Coordinating is a completely different concept from "matching". Coordination means you are usually choosing different colors that look good together but are not close to being the same. I have some more tips about this concept in the following pages.
- 4. MYTH FOUR: Your location determines your style more than your outfit! False! Your outfit has way more impact than your location. Your location is just a setting in the background but you two will still be the main focus of the images.
- 5. MYTH FIVE: *You have to buy something new!* False! If you know you look awesome in an outfit that you already have and it fits the style you want for your engagement session, that would be the a great choice!

what style do you prefer?

BOLD or NEUTRAL

DRESSY or CASUAL

CLASSIC or TRENDY

These choices represent the three main decisions you will have to make in regards to your outfit choices. There are no right or wrong answers! Maybe you want one outfit to be dressy and the other to be casual. Maybe you want one outfit to be very light and neutral but you want to wear more color in the next outfit. These categories will hopefully help you determine what you're hoping for in your engagement session. If you're feeling stuck and can't seem to determine what you prefer, that's very normal!

Here are some general "rules of thumb" when it comes to styling during an engagement session. Once you read through these, you may have a better understanding of what you perfer and you can start planning your outfits. These "rules of thumbs" are based off of my experience and aren't concrete rules that can't be broken. However, if you have questions about one of them in regards to what you want to wear, just email me and we can talk about what would be best!:

Things to Avoid:

- 1. Colors to avoid: bright reds, neons, bright oranges (they reflect color onto skin and can be difficult to edit!)
- **2. Avoid patterns smaller than a quarter:** Tiny patterns cause something called "Chromatic Abberation" in digital images. Men's checkered shirts are fine if the "checks" are on the larger side.
- 3. Alternate Heaviness: If one of you is wearing very dark jeans, the other may want to wear lighter pants. If one of you is wearing a navy top, the other shouldn't wear a dark/heavy colored top. To a certain degree, alternating the "heaviness" of your outfits can make your images look more balanced.
- **4. Avoid one of you being casual while the other is more dressy:** This can look a bit awkward in photos. If one of you is dressed up and the other is casual, it can look a little odd in your images.
- **5. Other things to avoid:** Tennis shoes, Graphic tees, Bold logos on shirts, Sunglasses & Baseball Hats

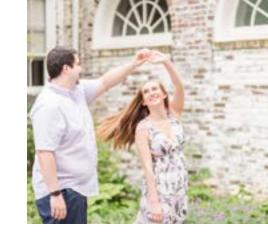

ROMANTIC STYLE RECIPE

If you're hoping for a more romantic style of shoot that includes "light" and "airy" colors, you can actually make outfit choices that will lend your images to turn out brighter, softer and extra photogenic! Here are some ingredients that go into creating a romantic styled shoot. It's important to note that you do not need to choose all of these ingredients in order to have a light and airy style to your images but the more ingredients you include, the more romantic it will be:

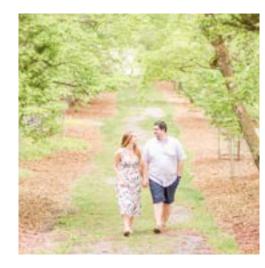

- Neutral Colors: Blushes, tans, light pinks, faint blues and light minty teals, creams, grays and whites will always result in more of a light and airy look in your images. These colors photograph softer and more romantically!
- -Long, Flowy Skirts/Dresses: Dresses and skirts with feminine ruffles, multiple layers of fabric and the ability to blow and move in the wind will always photograph beautifully! You would be amazed at how impactful moving fabric softens an image.
- *Khakis vs. Jeans:* If you really want your images to be as bright as possible, consider having your groom wear lighter pants instead of dark dress pants or dark jeans.

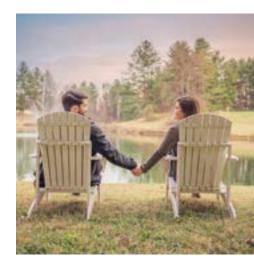

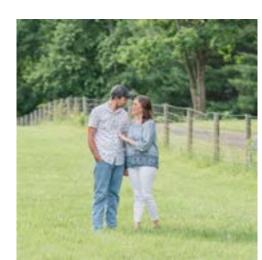

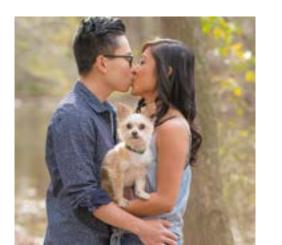

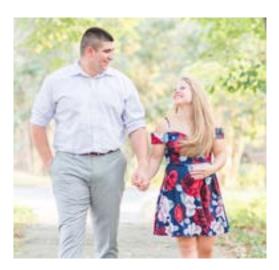

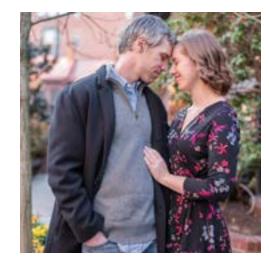

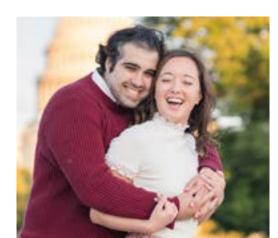

BRIGHT & BOLD RECIPE

Just like the "Romantic" recipe, you don't have to apply all of these "ingredients to get a perfectly BRIGHT & BOLD look to your engagement session. These ingredients include:

- *Only one wears a pattern:* If one of you has a bold pattern, it's very important that the other doesn't. The more bold the pattern, the more important this rule is!
- *Bold Backgrounds:* A lot of time, if my couples are going for a bold and bright look, I will notice solid colored backgrounds to use for part of their engagement session! It's a double win if the background coordinates with their outfits!
- Only one bold color: If you really want a bold and bright look but you want to do it well and tastefully, I would suggest that only one of you have a bright and bold colored outfit and the other stay in a solid neutral to avoid over-doing it!
- Large Patterns are Preferred: If you really want to wear a pattern, my only request is that your pattern is on the larger side. Patterns that are smaller than a quarter can be difficult to photograph. This isn't true of all patterns but it's a good general rule to go by!

ENGAGEMENT SESSION

Approximate Start Times

WINTER Dec-Mar 3:30-5:30pm

During December through Mid-March you can plan on your engagement session taking place around 3:30-5:30. However, the time changes in Mid-March and so that will make the start time one hour later.

SPRING Apr-May - Varies

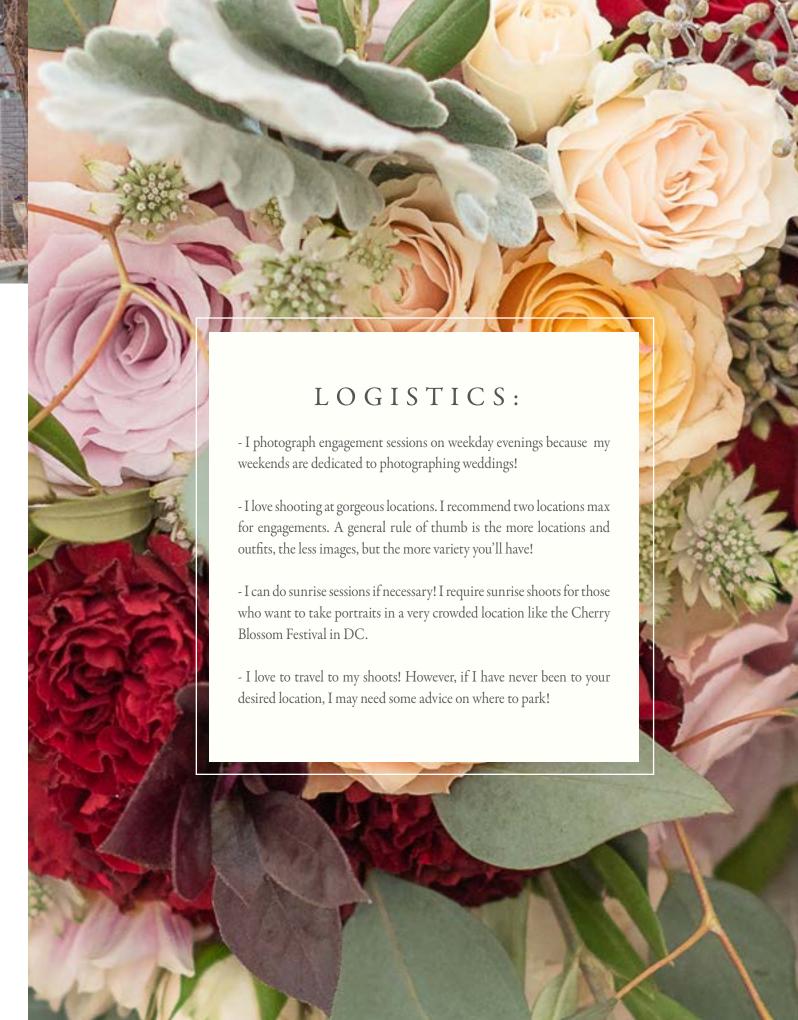

The sunset time drastically changes throughout the course of these two months and so our shooting times change as well. You can plan on approximately 6:15-8:15 in April and 6:30-8:30 in May.

SUMMER Jun-Aug 6:30-8:30pm

Summer engagements, just like all engagements, take place two hours before sunset. This will hopefully mean that the shoot will be during the cooler part of the day.

FALL Sept-Nov - Varies

The sunset time changes drastically during these three months. In Sept, you can plan on 6-8p until the third week and then you can plan on 5:00-7:00pm until Mid- Oct. After the first week of Nov, 3:35-5:35pm.

PREPARING YOUR GROOM

PREPARING YOUR GROOM

If you're a bride that is a little anxious about how your to help your groom know what to expect. First of all, groom is going to react to this whole "picture" thing, I highly recommend sitting down with your guy and you're not alone. We receive so many emails from brides who are worried that their groom won't be into it and I have great news for you.... you both are more scrolling through a few blog posts, this will allow him photogenic than you think! We are constantly surpristory gauge what his expectations should be. I also recing couples by discovering their hidden modeling skills and our most common response from our KJ Grooms your shoot! There is nothing worse than when a couple is, "That wasn't as bad as I thought! It was actually fun". shows up late, and they have been arguing in the car! Boom! Mission accomplished! When the groom says
That is definitely going to put your groom in a bad that taking pictures was FUN, we have done our job mood! Last but not least, remember to have patience well! Your engagement session is supposed to be fun with him, and don't assume that he's not going to have and relaxed, not forced or awkward. As you prepare a good time... I think you'll be surprised how much for your shoot, there are a few things that you can do you will both enjoy your session with us!

showing him 2-3 of your favorite engagement sessions that I have photographed. Spend some time together ommend that you allow for plenty of time to get to

SAMPLE TIMELINE

Bridal Details 2:30-3:15

Every bride loves having those beautiful shots of her bridal details. It's an important part of the story and I love having some time to shoot the dress, shoes, jewelry, invitations, etc. These shots allow me to get warmed up for the rest of the big day. I nor- mally like to allow at least 45 min- utes for this part of the day. While I'm shooting details, I'm also captur- ing some shots of the bride and her girls getting ready! If the groom is getting ready nearby, my second shooter or I will begin photographing the boys close to 40 minutes before the first look since it always takes them less time to get dressed!

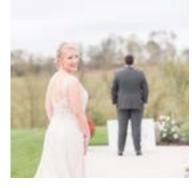

27

After the details have been photographed, it's time for the bride to get into her dress! This is a big moment! I usually ask the mother of the bride and all of the bridesmaids to be dressed by the time the bride is ready to get into her dress. This ensures that everyone will look nice in those images. After the bride is in her gown, she can put on her jewelry, veil, shoes, etc. and I will shoot some additional bridal portraits!

3:15-3:45 Bridal Prep

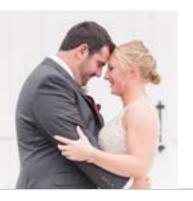

First Look 4:00

This is one of my favorite parts of the wedding day! I will find the perfect location for my couple's First Look prior to the getting ready portion of the day! Don't stress about that one bit! I will make sure the location is private and as secluded as possible.

a first look, and you can read more about that option a few pages over! Remember that all wedding days are different, and your timeline may differ due to travel times and unique situations.

Portraits 4:15-4:45

After the bride and groom take their time with the First Look, I will begin taking a few romantic portraits of the two of them while the initial excitement is still present! I will find the locations for these shots as well! Remember, the LIGHT determines where we shoot and so I can't decide on portrait locations until the dayof. As we shoot these portraits, the bridal party can start making their way to us for Bridal Party portraits!

Bridal Party
Portraits
4:50-5:20

Here's the page that can be somewhat intimidating! The TIMELINE! I know this isn't the most exciting aspect of the wedding day, but

this is the one thing that can make or break your photography! These next two pages will outline an ideal wedding day working off of a

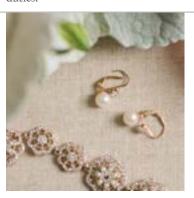

6pm ceremony time frame. This ideal timeline is also based off of a wedding day that includes a first look. 90% of my couples choose to do

Now it's time for Bridal Party shots! I buffer in extra time throughout the day just in case we have some unexpected things that hold us up! One way to make sure we stay on schedule for bridal party portraits is to have someone put the boutonnieres on the guys BEFORE they arrive for portraits. During Bridal Party portraits, I will make sure to take

..... great shots of the guys and girls both separately AND together!

After bridal party portraits are complete, the bride will go into hiding so that early guests don't sneak a peek and the ushers will begin their duties.

5:30-6:00 Bride in Hiding

some..... 28

THE TIMELINE CONTINUED...

Reception Details 5:30-5:50

If the reception is in the same location as the ceremony, I will use this time to shoot the reception decor UNTOUCHED. If the ceremony and reception are in different locations, I recommend having a cocktail hour outside of the main reception area if possible so that I can grab some great shots of your reception before the night begins and guests start laying down purses and coats on their seats!

It's time to get married!! Most ceremonies are 30 minutes long. If your ceremony is longer than 30 mins, we'll make adjustments to the timeline! Cherish these moments! Your

Ceremony 6:00-6:30

Family Portraits 6:40-7:10

Family formals normally take place immediately following the ceremony. It's best to save all of the family formals until after the ceremony because ALL family members will be present at that time.

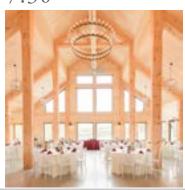

We'll need about 30 minutes for family formals and I will send a questionnaire before the wedding where you can list out the shots that you want. I recommend shooting portraits outdoors if possible so that they resemble more natural family portraits, especially if the ceremony location is dark!

"Just Married" Portraits 7:15-7:30

7:00pm is the BEST time of day for portraits in the late spring, summer and early fall! This is when the sun is glowy and golden. I love having a few extra minutes with the bride and groom to take a few "Just Married" portraits right after family formals!

Reception Begins! 7:30

This is when the bridal party lines up for introductions and the party begins!! By this part of the day, my timeline isn't as strict. I work off of the natural light and so after the sun is set, my portrait time is over and I begin focusing on the reception events!

I include 8 hours of coverage so that I can be present for the main events of the reception and about an hour of dancing! If you're interested in having your exit photographed, there are several options for this! You can either add additional coverage or plan a faux exit with just your bridal party! We have had GREAT success with this and the party never stops! Email me about this if you're interested in learning more!

The Exit 10:30

30

APPROXIMATE TIMES:

DETAILS & PREP: 1.5 HOURS

FIRST LOOK & PORTRAITS: 30-40 MINS

BRIDAL PARTY: 30-40 MINS FAMILY FORMALS: 20-30 MINS

EXTRA PORTRAIT TIME: As much time as you'll give me!

Portrait & Timing Tips for: WINTER, SPRING, SUMMER & FALL

WINTER

Winter weddings are gorgeous! However, they do take some additional planning simply because of the sunset time. The hard part about a winter timeline is the fact that the sun sets around 5pm. This means that all of your portraits have to be done before then! This isn't a problem if you're having a late afternoon wedding. However, if you're planning on having a late evening wedding, you may have a bit of down time from 4pm until the start of the ceremony. You will also need more coverage time as well.

SPRING

Spring weddings are wonderful because they are the perfect temperature! However, I recommend having plenty of Claritin and Zyrtec on hand just in case allergies start to flare up during portrait time. Spring weddings normally mean the potential for some blooms! If we happen to find any type of blooming tree or plant, it will be worth it to give us a few minutes for portraits with it! You'll LOVE the result!

SUMMER

Summer weddings are amazing! I love that there is so much daylight! In some months, the light will last until 9:00pm! So, if you're having a summer wedding, you'll need to plan on having a few minutes to slip out of the reception for your sunset portraits! You will NOT regret this! This is the absolute best light of the day and you're going to want to have portraits during this time period. Usually these portraits happen during dinner or open dancing so that no one even notices that you're gone for a few minutes!

FALL

Fall weddings are my favorite! I love the temperature and the colors! Most of my fall brides worry about color, and I just want to encourage you that all I need is one tree with some color in order to make it look like fall! A little bit of color can go a long way!! Your portrait time will vary depending on your wedding date! We'll be sure to discuss this when we approve your final timeline!

Let the day begin!

This portion of The Wedding Experience really sets the stage for the entire wedding day. The next few pages will share tips and tricks that will ensure a seamless morning of bridal preparation and beautiful portraits!

GETTING READY

It's the morning of your wedding! Hopefully all of the little details are taken care of and you're relaxing with your best friends while your hair is being done. If certain items haven't been checked off of the to-do list, it's time to hand them over to someone else. Delegation is a key part of a stress-free wedding day. I know it's hard to hand over the decorating duties and all of the last minute things that need to be done, but it really is important to relax the morning of your wedding. The rest of the day is going to be fast paced and filled with a lot of emotions! Take advantage of this down time! There are a few things to consider about the "getting ready" portion of the day. Do you want to share a "first look" with your dad or any other person who plays a huge role in your life?

Will you and your groom be exchanging gifts during this time? If so, who would you like to deliver them? Are there certain women in your life who would appreciate seeing you get into your gown? Some brides want very few people around for this moment. Other brides love having aunts and grandmas present! It's totally up to you! A few other things to consider.... as you get ready to put your dress on, refrain from putting any jewelry on. I love shooting all of those final steps once you're in your gown! Speaking of the gown, if your gown is on a plastic hanger, try to make a note to bring a wooden hanger along for picture sake. If you forget, no big deal! I'm a pro at finding wooden hangers at venues! Keep reading along for more "getting ready" tips to help you prepare!

RINGS, SHOES, JEWELS ...

The whole day begins with the DETAILS! This is one of my favorite parts of the wedding day, because it allows me to prepare and get my creative side warmed up for the rest of the day! I photograph a bride's details in a way that matches and showcases the style of the entire wedding day. So, in some ways, the details set the stage for the look of the whole wedding and I love having ample time to stylize, and shoot everything from the dress, to the jewelry, to grandma's handkerchief! To the right, you'll find a list of the most common details that I shoot. I ask brides to gather any details they have before I arrive so that I can walk in, say hello, give you a big hug and then begin with all the goodies! (Please assure your mom that I will take GREAT care of the dress, I promise!)

WHAT TO BRING

dress
veil / hair pieces
rings (all three)
shoes
bouquet & bout
jewelry
perfume
invitation suite
borrowed & blue

DAY-OF REMINDERS

GATHER the goods.

If possible, collect all of your details before I arrive so that I can begin quickly and have more time for some "getting ready" shots of you and your girls!

EXTRA elements.

Sometimes, depending on the theme and "look" of the wedding day, there may be some extra elements that you could include when you gather your details. For example, if you're having a country themed wedding, you could include a piece of burlap or lace. If you're having a rustic themed wedding that includes some wooden elements, maybe save a small piece of wood for me to use when I'm shooting your rings and jewelry. This REALLY makes for beautiful, consistent album spreads!

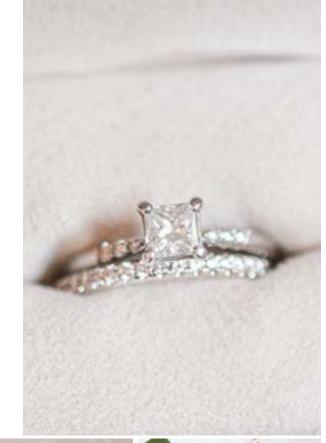

KEEP all three rings.

The most common detail missing when I arrive are the rings! Moms, officiants and planners will tell you to hand over your wedding band to the best man before the day begins. However, it's actually better to hand it over during the bridal party portraits so that I can shoot some great ring shots in the AM! If you forget, no worries, I can always shoot the ring shot at the reception if there is extra time!

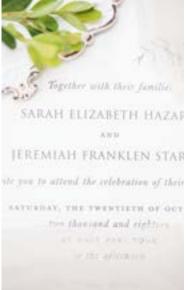

BRING the bouquet.

Don't forget the Bouquet! Have the bouquets and bouts delivered to the bride before the first look so that she can have her bouquet in her portraits. No worries, if it's hot, we'll be sure to keep it in water as much as possible before the ceremony!

When you're planning a wedding day timeline, the best advice I could give is to ADD CUSHION TIME! Sometimes the most simple things can take an extra 20 minutes and then all of a sudden, the whole morning is thrown off. I have seen "getting the bride in her dress" take almost 40 minutes because of a button malfunction. It's a smart idea to add in an extra ten minutes here and there so that we have some wiggle room to work with! This way, if one part of the day gets thrown off by 20 minutes, I can help you compensate that time in other areas. There are so many different things to think about when you're planning a wedding day, and so here are some tips for the preceremony timeline! I realize that every single wedding day is different and so not all of these tips will apply to every wedding day schedule. Something else to consider is that not EVERYTHING will go as planned, and I promise you, that is completely normal!!

TIMING TIPS

BOUQUETS AND BOUTS

You will need your Bouquet & Bouts for your First Look! Have them delivered to the room where the bride is getting ready.

TRAVEL TIME

Be sure to think about the travel I encourage brides to have time and TRAFFIC to and from your getting ready location and your venue!

HAIR & MAKEUP

at least their makeup done before I start because who wants a ton of shots without their makeup on?! Nobody.

GROOMSMEN PREP

My second shooter or I will photograph the guys getting ready if they are getting ready in the same location as the bride or within 10-15 mins.

GETTING IN THE DRESS

I'll instruct you to get into your dress close to a window and it would be fabulous to have your bridemaids dressed when you're getting in your gown!

CREATE A **CUSHION**

A 10 minute cushion every now and then is a GREAT idea! It's amazing how fast time slips away the day of!

THE FIRST LOOK explained

I have confessed my deep love for "First Looks" numerous times on my blog and I tend to point them out in every blog post. There is a reason for this. They're AWESOME! However, not everyone is aware of how awesome they are, because they get caught up in how "non-traditional" it is and they immediately write it off. I can talk about those brides because I was almost one of them! I wanted a REACTION....I wanted Michael to be so surprised and overcome with joy when I walked down the aisle that he bawled at the first sight of me! Isn't that EVERY girl's dream? Who doesn't want that reaction? Luckily, I was able to have the best of both worlds, because Michael and I decided to share an intimate "First Look" moment on our wedding day, AND he still LOST IT when I came down the aisle. He was in tears and so was everyone who was watching him!! YESSS!! I felt like a million bucks. Walking down the aisle on my wedding day was a moment that I will treasure for a lifetime!!

After experiencing my own wedding and shooting over 200 others.... I've come to this conclusion. Some brides love "traditions".... but what a bride REALLY wants when it comes to her groom seeing her for the first time, is a REACTION. Those who are not interested in a First Look usually think that by seeing each other beforehand, they will lose part of that reaction. They also assume that it will not be as emotional or as intimate as it would be if they were coming down the aisle. What I have found (this is starting to sound like a research paper!) is so ironic! Everyone knows that wedding days are a bit stressful for the bride and groom.

The whole day is focused on them, they need to look their best, they need to be on time, the groom has no idea what side the boutonniere is supposed to go on and little by little... the tension grows.

It's before the ceremony and the gravity of what is about to happen starts to sink in and the calm, collected groom who was playing golf just a few short hours ago is now starting to feel a little anxious. So what happens next? The groom waits in a little room somewhere for his que from the coordinator. It seems like it's taking FOREVER. Finally, the coordinator leans her head in and hurries the groom to get ready. With clammy hands, the groom enters the ceremony and what does he find? he finds anywhere from 80-300 people and they're all looking where? Right at his face... because everyone has expectations and anticipation about his first reaction. This is the farthest thing from a private, intimate moment. Sure, it's SO powerful and SO wonderful. ... I already said that walking down the aisle was one of the BEST PARTS of my WHOLE wedding day!! It's magical!! But when I walked down the aisle... Michael wasn't a nervous wreck...he had spent the morning with me and our best friends and the pressure was OFF. By the time our ceremony rolled around he was ready to ENJOY our beautiful day!

The nerves were gone and when the nerves are gone... true emotions are free to be expressed. And OH were they expressed! (Seriously, he bawled!). So if I were to condense what I just wrote... basically, Grooms normally become incredibly nervous on wedding days.... even if they seem cool and collected.

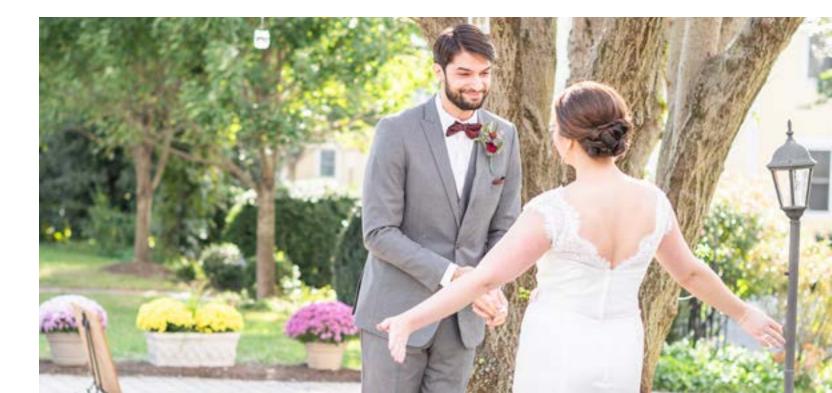

For most grooms, the nerves kick in before they see their bride because when they see her, everything becomes VERY real! So when the nerves start creeping up, instead of keeping the groom in a secluded space until his time to enter the ceremony, what if you took him to a private place... no people, no on-lookers, no distractions.... and you let his beautiful bride, the love of his life, quietly call his name and have him turn around to see her for the first time. He would turn around and finally get his first look at his stunning bride and not only would he get to see her... he could embrace her... cry with her.... kiss her... and ENJOY that moment with her for as LONG as they wanted. As she shows him her dress, twirls a few times and then asks him what he thinks... his nerves start to diminish. After all, she's the one who can make him most comfortable anyway.

Because they aren't on a time crunch... they casually move into their romantic portraits. No one is around, the coordinator isn't announcing "15 minutes left", and there is no pressure. It's just the two of them and their photographer..... capturing the excitement and the joy of their wedding day. This is their time to be TOGETHER...and to be ALONE. When does that happen on a wedding day? Without a First Look.... it doesn't. After their romantic portraits are done, they meet up with their best friends. Their bridal party joins them and because they still have plenty of time to spare... the bride touches up a little makeup while the boys act like boys. After a few minutes the bridal party portraits begin and they're FUN. They're FUN, because there is time to make them FUN.

There aren't any guests waiting impatiently at the cocktail hour and there isn't a DJ coming to find the photographer to get a time check. It's wonderful!

After portraits are done the girls and guys separate and prepare for the ceremony. The guests begin to arrive and the ushers are in place. Pretty soon it's time for the processional music to begin and one by one, the bridesmaids make their way down to the front of the ceremony. As the groom clasps his hands... they aren't clasped out of nervousness but excitement. The music builds, the mother of the bride stands and all of the guests follow her lead. The groom looks up, and here comes the BRIDE!!! His best friend, his companion, his sweetheart.....she's stunning.... ABSOLUTELY stunning. The closer she gets, the bigger he smiles

Now let me put a disclaimer on here before we continue...my clients are not required to do a First Look by any means! I used to feel bad for sharing this option with couples who were against it, because I didn't want to push anything on them. However, I've seen the benefits of a first look over and over again, and so I only share this because I want the BEST for my couples!! It's totally ok if couples choose not to share a first look! It's just my preference to do one for many reasons.... Keep reading to find out more of the benefits of sharing your first look privately! For brides not interested in a First Look, let's start chatting soon about how we'll create a special timeline to fit everything in!

FIRST LOOK | Why it's Worth It

40% MORE PORTRAITS

You're investing a lot into your wedding photography. With a first look, you'll receive 40% MORE portraits of the two of you... and those are the images you will decorate your first home with! (Believe me, our house is PACKED full of our portraits!) With a first look, you make the most out of this large investment and get the most for your money.

ENJOY THE SURPRISE FREELY

You actually get to have intimate time on your wedding day with your man. Most brides don't realize that when you come down the aisle and totally SHOCK him with your gorgeous-ness... he can't even tell you how amazing you look. He can't touch you, embrace you or even SPEAK to you. You have to wait until 30 minutes later when the ceremony is over for him to react and tell you how amazing you look. And after 30 minutes of the ceremony, the reaction isn't the same as the initial first glance.

EXTEND YOUR DAY BY 3 HOURS

First Looks allow you to extend your wedding day. Normally the wedding day would start when you come down the aisle, then the ceremony would end, you would rush through portraits so that you're not late for the introductions and then it's reception time. With a first look, your wedding day is extended by almost 3 hours! Instead of being rushed for your bridal party portraits... you actually get to enjoy them and have fun hanging out with your BEST friends on your wedding day. The WHOLE first half of my client's wedding albums are filled with images just from this time together before the ceremony.

YOUR ONLY ALONE TIME

First Looks allow you to be TOGETHER and alone on your wedding day. When Michael and I saw each other, not only was it intimate, it was our only time to be alone the whole day! We cried and laughed and cried some more... and then that put us in the PERFECT mood for our romantic portraits. Normally portraits are a little rushed after the family formals, and it can be hard to really get back into that "lovey dovey" mode.... especially with family around! When you have just shared your first look, you're READY to love on each other, and I always capture some super sweet images during those moments!

DIMINISHES NERVES

You get rid of your nerves! I'd say, literally 1/2 of my couples who have decided to do a first look, the grooms were not fans of it at first. However, because they have never experienced their wedding day before, they didn't know how nerve racking it can be. I have testimonials from so many grooms who initially weren't a fan of the first look... but afterwards they admitted to being SO much more relaxed and ready for the ceremony!

FOR THE BRIDE

FIRST LOOK

EXPECTATIONS

Bride's, if you have never seen your man cry or get emotional, you can't expect him to be overly emotional on your wedding day. Some guys just embrace their brides and never cry.... and that's OK. Some guys show very little emotion when their bride is coming down the aisle and that's ok too. Just enjoy this amazing day, and try not to put any expectations on him. If you take this advice to heart, I could potentially be saving you a lot of disappointment on your day. One thing I have noticed after shooting close to 40 weddings is that the stress and nerves that come with a wedding day can sometimes make it hard for some grooms to truly express their emotions. It's just a lot to take in all at once. This is a great reason to share a first look and also a great reason to give some grace to your guy! Sure, you deserve to feel beautiful, but my encouragement to you is to enjoy this time together, no matter what his reaction is like!

The Daddy / Daughter

FIRST LOOK

This is for all of the brides who have a sweet spot in their heart for their dad. I have to admit that Daddy/Daughter first looks make me a little teary. For a lot of Dads, this is when everything feels real and it hits him... "My baby girl is getting MARRIED!" These are precious moments to photograph and I highly encourage any Daddy's girl to make time in their timeline for this moment. It doesn't take long at all! The hardest part is making sure Dad shows up on time! If Dad doesn't show up on time, the whole timeline can get thrown off, or we'll have to skip the Daddy/Daughter first look. Another sweet idea we've seen is having the father of the bride escort the bride to her first look!

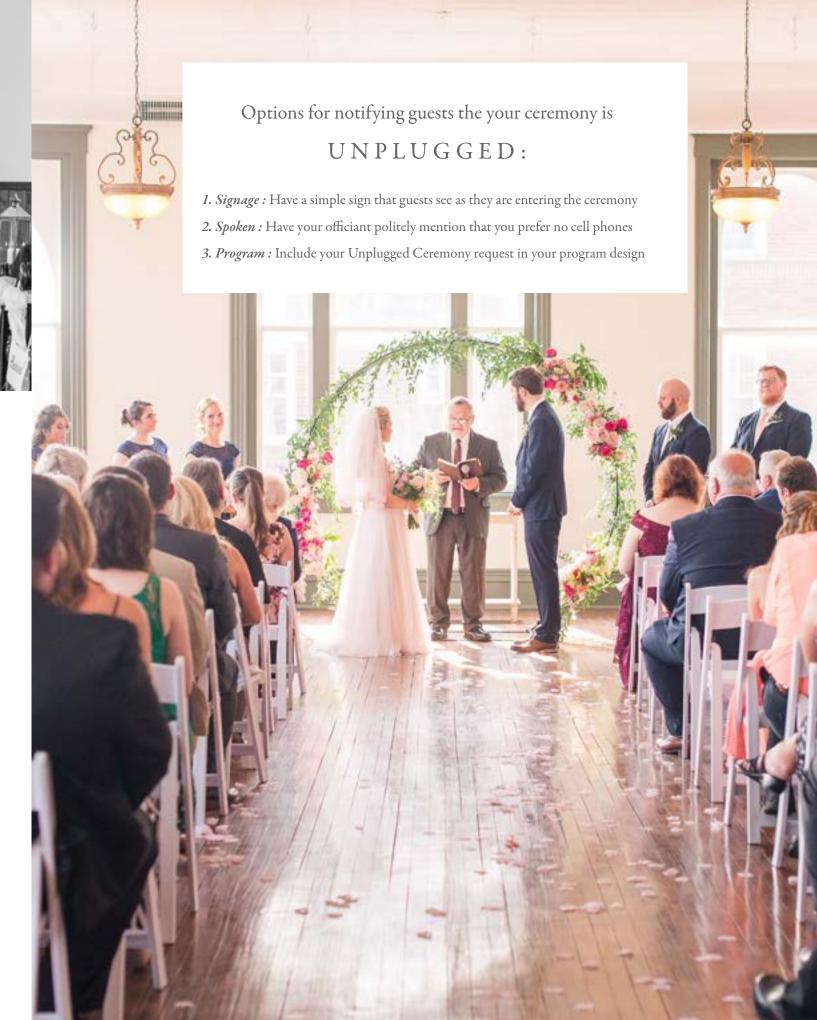

THE CEREMONY

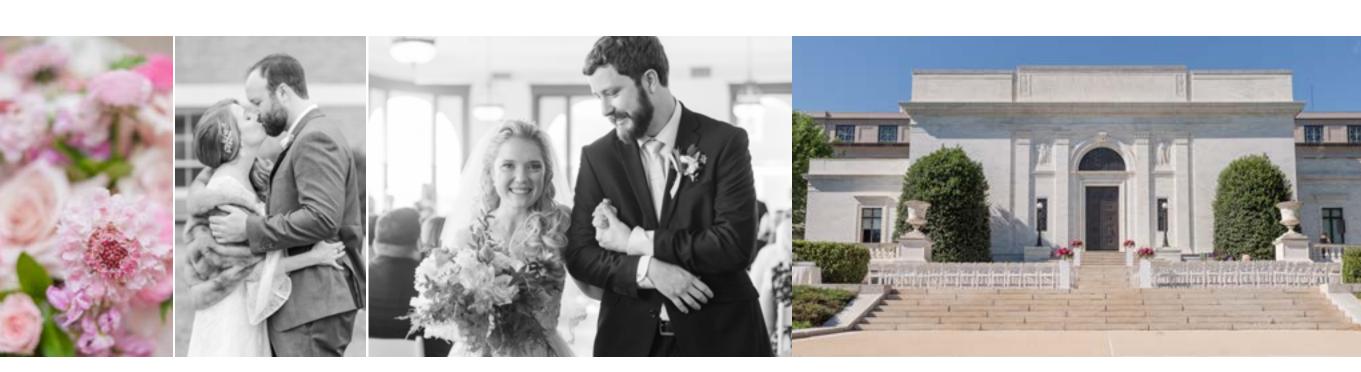

Here it is! The moment everyone has been waiting for! The music is playing and the guests have been seated. Ushers make their way to the back of the church and the coordinator is lining up the bridesmaids while giving the musicians a 5 minute warning. The bride is about to walk down the aisle to the love of her life..... and if she's like most girls, she's dreamed about this moment for a long time! Vows will be shared and promises will be made... this is what it's all about!! In a world full of wedding blogs, Pinterest and bridal magazines, it's easy to be overwhelmed and consumed by the "prettiness" of the event. While details do matter and planning is necessary, it's important to never lose sight of the real purpose of this amazing day!

THE UNPLUGGED CEREMONY

Imagine this with me.... you're in my shoes.... the most important moment of the day is about to happen. You've checked your camera settings, you've taken test shots and you're ready to capture the bride coming down the aisle to her groom. You want to capture reactions, variety of angles and every moment of joy and emotion in those few seconds. However, just as everyone stands and the music plays, not one, but three different family members and friends get so excited that they take just one step out into the aisle with their iPhones in hand trying to capture the moment. I'm scrambling. My couple is trusting me not to miss this!!! But now I'm dodging guests who are trying desperately to have a good Insta-story to share and they have no idea that the back of their heads, their arms and their phones are blocking me from capturing the bride and her dad walking down the aisle. It's honestly one of the most terrifying things that can happen to a photographer during a ceremony and the hard part is, it can always be avoided. This issue is a growing one. Every wedding season we experience more and more of these issues. However, there is a solution! We highly recommend having an "Unplugged Ceremony". This is just another way of saying that you want only your photographers to be capturing photos and you would like everyone else to enjoy the ceremony instead of trying to capture it themselves.

LIGHTING

Ceremony lighting is really important. If you get married outdoors at 12pm, the lighting will be extremely harsh and not only will there be harsh lines of light on your faces, you will also be squinting. I suggest planning an outdoor ceremony 2 hours before sunset if you are having a FIRST LOOK. If you are not interested in sharing a first look, then I would suggest having your ceremony 3 hours before sunset to ensure that you will have plenty of time for all of your portraits afterwards. The lower the sun, the more romantic the lighting. If you are having an indoor ceremony, it is always best to have EVEN lighting at the altar. If there are two spotlights on the bride and groom, I will not be able to expose the rest of the bridal party. It is better to have soft, even light across the whole altar.

ORDER OF SERVICE

I have seen so many couples do so many AMAZING things during their ceremony. I've photographed couples washing each other's feet, symbolizing that they want to serve each other for the rest of their life. Some couples share in communion while some light a unity candle. I've seen sand ceremonies, rope ceremonies and the signing of the family Bible. The options are limit-less!! As you plan your ceremony, make sure you design it to be exactly what the two of you envision it to be. This is your day!! If you have the freedom to be creative, then by all means, be creative!!

PROGRAMS & DETAILS

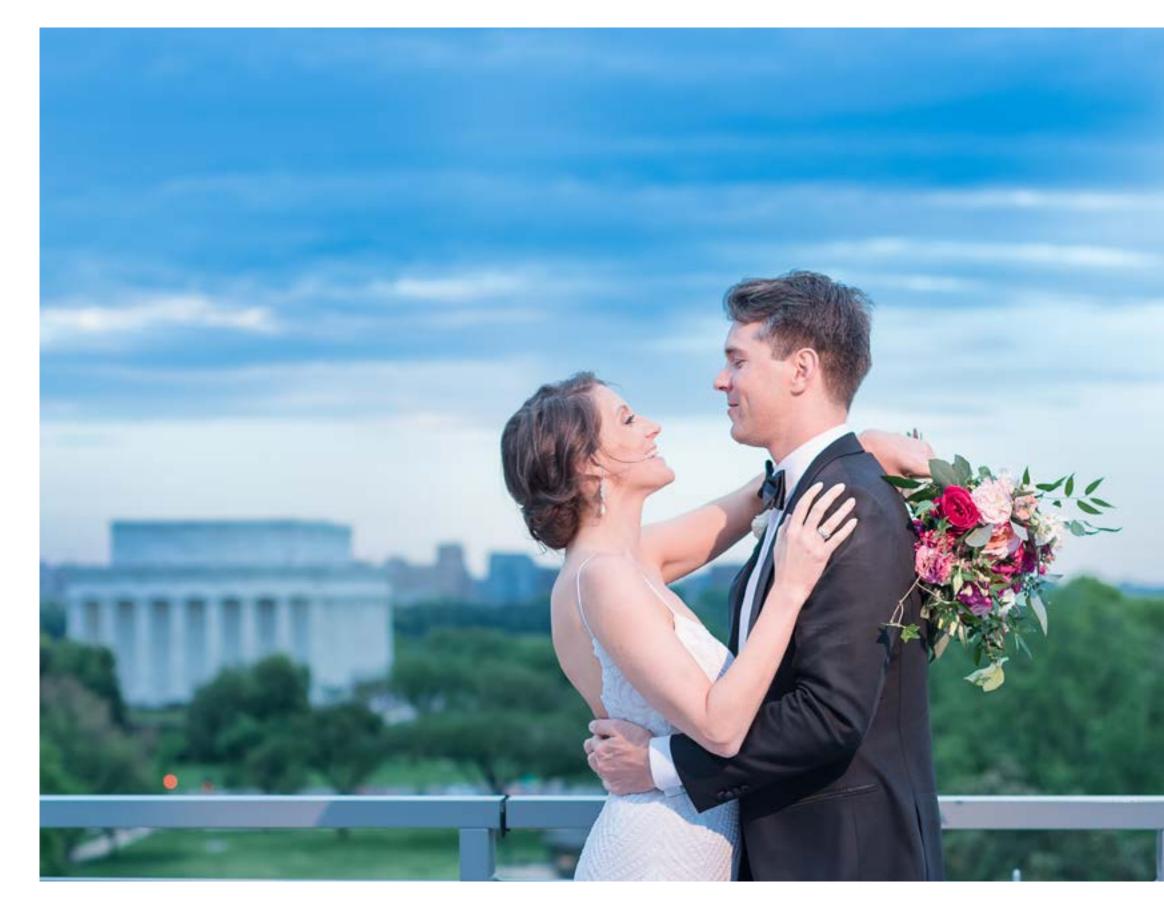

The BEST advice I have for the program-making process is to remember that not EVERY guest needs a program! We printed a program for everyone attending our wedding but quickly realized that most families only took one. We ended up with over 200 extra programs! Yikes! Also, before ordering your programs, have SEVERAL people check it for spelling and grammatical errors. Programs and the ceremony decor are things that the bride can plan in advance but then delegate the actual job of setting it up to a friend or coordinator. The last thing a bride needs to be doing the morning of her wedding is running around setting up floral arrangements! This leads me into my next column!

COORDINATION

Hiring either a full event planner or just a day-of coordinator is SO important! Brides realize very quickly that if they do not have someone in charge of the coordination of the day, that responsibility will automatically fall on the mother of the bride, the photographer or the BRIDE herself! When a photographer is in charge of the timeline and the coordination of the day, the images will suffer. All of my stressful wedding situations were caused by a lack of organization and coordination. It's so important to make this a priority. If you need any recommendations on wedding coordination services I would love to share some of my favorite vendors with you!

DESTINATION Weddings

If you are planning a destination wedding, a lot of the details in this guide will not apply to you! Your details, your timeline and even your preparation for the big day will be much simpler. However, it is a good idea to start thinking about a few key components of the day such as: your ceremony time and your ceremony/portrait locations (some destination weddings require some planning to find portrait locations without tourists in the background). Be sure to check the sunset time at your wedding location before settling on your ceremony time. As your wedding day draws closer, we'll begin to chat about the timeline of the day and the travel arrangements. Get excited!! This is going to be amazing!!

Sample List for

FAMILY FORMALS

I absolutely love meeting our couple's families on the wedding day! Family formals are normally our first interaction with them and so we love to have a game plan for this part of the day! Eight weeks before the wedding, you'll receive a questionnaire from us that will ask you to list out the family formals you want us to capture. Here is a sample family formal list to help you start preparing what shots you need. We do have to limit the family formal time in order to ensure that we have plenty of daylight for your romantic portraits. However, any large family group shots that we don't accomplish during family formals, we can be sure to capture at the reception!

B&G with Bride's Immediate Family (Parents, Siblings, Grandparents, Nieces, Nephews) B&G with Bride's Parents B&G with Bride's Siblings Bride with her Parents Bride with Mom, Bride with Dad B&G with Bride's Grandparents B&G with both sets of Parents B&G with Groom's Immediate Family (Parents, Siblings, Grandparents, Nieces, Nephews) B&G with Groom's Parents B&G with Groom's Siblings Groom with his Parents Groom with Mom, Groom with Dad B&G with Groom's Grandparents B&G with all family members if time allows

ROMANTIC PORTRAITS

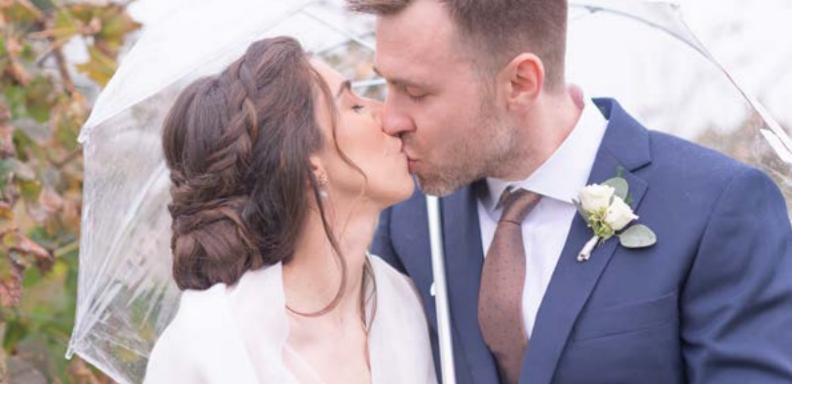

If we're being honest, all of the wedding day images are important, but the real favorites are almost always from my time with the Bride and Groom! These romantic portraits of just the two of you will be the images that you frame beside your bed or over your mantle, and they will also be the images that will fill your album for generations to enjoy. These images are always my favorite not only because of their beauty, but because this is such a sweet portion of the day. For this brief moment in time, you will be alone with your groom on your wedding day. You will have a chance to love on each other and really connect before the craziness begins! Romantic portraits are normally done before the ceremony (after the "First Look") and then I LOVE shooting a few "just married" portraits after the ceremony as well! This is when the light is low and golden! It's such a romantic time for bride and groom portraits! If you're not interested in a first look, we will make sure to include a lot of time after the ceremony for these portraits!

PORTRAIT LOCATIONS

One of my favorite parts of my job is taking something so ordinary and making it look absolutely amazing! This happens most often when it comes to picking portrait locations! If there is one thing that I love and appreciate about my couples, it's that they trust me! Sometimes I select portrait locations that most people wouldn't consider attractive. For example, the image on this spread was taken on the side of the road facing public transit in West Virginia. We walked down the street from their venue that was in a downtown where everything surrounding it was a bit runned down. There was nothing special about this place. It was grungy and seemingly "ugly" from everyone else's point of view except mine! However, because my couple trusted me and they were willing to follow my lead, and they now have the most amazing portraits! So my encouragement is to just trust me! You don't have to worry about a thing! Trust our locations, and I promise you, you'll LOVE the results!

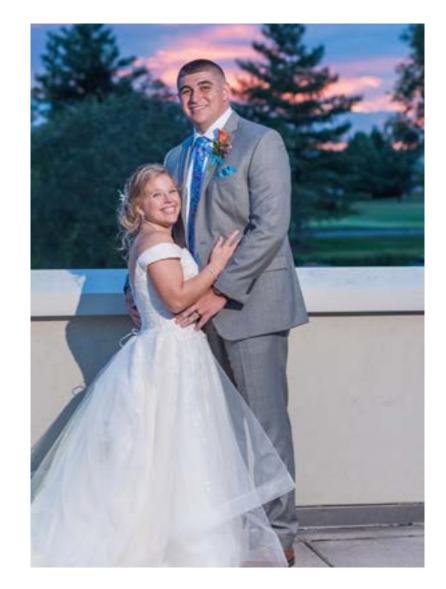

THE CASE OF A

RAINY

WEDDING DAY

One of the most frequently asked questions that we receive during wedding season is "Soooo, what do you do if it RAINS?!". I want to reassure you that even if it rains, you will still have beautiful portraits and BRIGHT colors in your images! Overcast skies mean vibrant colors! I know that rain isn't ideal, and no bride would wish for rain on their big day, but if it happens, it happens.... and it's going to be JUST fine!! Some of my best weddings have been on rainy wedding days! Here are a few things to remember:

- 1. All I need to create natural light portraits on a rainy wedding day is a porch! Just one porch!
- 2. Let me worry about the pictures. You have enough to think about. If there is a chance of rain, I'll be sure to do some extra scouting to find a covered location or two, for us to use for your first look, romantic portraits and bridal party portraits.
- 3. Take it one step at a time. Don't think about your entire day and what will happen if it rains. That will only overwhelm you! Definitely have a rain plan for your venue, but then let your vendors do the work of handling the rest of the day if rain is in the forecast.

This was the last shot of the night and it so perfectly shows that the rain can't keep us from taking beautiful images! Don't let the fear of rain steal your joy. You can't control it, and I promise I will make the best of it!!!

your bridal party.

Lets chat about your bridal party! This is when the fun REALLY begins! I know from experience that all brides want their closest friends to have an AMAZING time during their big day, and I will make sure that happens! Bridal party portraits should be a ton of FUN! After you share your first look, depending on the locations and the timing of the day, your bridal party will join us for portraits! If all goes well, we will be able to accomplish ALL of your bridal party portraits BEFORE the ceremony. This means that your guys and gals will be free to mingle at cocktail hour if they wish! If there are flower girls and ring bearers involved, they can either join us for the pre-ceremony portraits or we can take one final group photo after the ceremony, before family formals. Be sure your groomsmen arrive with boutonnieres on, and your bridesmaids arrive with bouquets!

HIGH - IMPACT PLANNING

There are so many expenses when it comes to wedding planning. Many brides have to prioritize what they want to invest in. Over the last 4 years of photographing weddings, I have found that there are certain things to avoid investing in and other parts of the day that a little extra investment will go a very long way! My hope is that this list will help you invest in the parts of your day that will be high-impact and will help you avoid spending money where it doesn't matter.

- 1. Invest in your bridal bouquet over other florals: Make your bridal bouquet a big priority! When I'm photographing a wedding, if the bride has a gorgeous bouquet, I can make the entire day look like there were beautiful florals everywhere! I can use the bridal bouquet to spruce up bridal details, reception details AND even bride and groom portraits as well! The bridal bouquet is a focal point for me when it comes to your photography and so I highly recommend getting your DREAM bouquet and investing less on the bridesmaids bouquets since they will not be photographed nearly as much!
- 2. Go with greenery over blooms: Greenery is beautiful and photographs well but it can be half the price of ordering blooms. I recommend actual flowers for your bridal bouquet and other bouquets but then decorating other aspects of the day with greenery to save money but still make a huge visual impact!
- 3. Have one well-done Installation instead of a lot of small vignettes of decor: If you're hoping for a heavily detailed reception but the cost is adding up, focus on one focal point instead of trying to decorate everywhere. For example, invest in a beautiful, large, hanging chandelier or unique lighting elements but do shorter, simpler floral centerpieces on 1/2 of your tables and candles on the other 1/2.
- **4.** Double purposes for decor: Maybe you choose to have an epic, well-styled entryway decor at your reception that also doubles as an amazing photobooth later on throughout the evening once party dancing has started!
- **5.** Avoid spending money on tiny details: Customized favors, personalized M&M's, etc.... it all adds up and at the end of the day, your hard work in the tiny details can often be overlooked.

RECEPTION DETAILS

The party is here!! Receptions can be a blast! However, it's important to make sure that you have your event well thought out. This is the job of your coordinator and your DJ/Band. Your caterer will also play a big role in the design and set up of your event. Every aspect of your reception affects the overall outline of the evening. For example, if you're not having a plated meal, your reception will need to be set up in a way that allows movement. Guests will need to be able to find the food stations easily, and there will be a mixture of dinner tables and hightop cocktail tables. This will encourage guests to mix and mingle. If you are having a plated dinner, you will more than likely need escort cards, full place settings and space for all of your guests to be seated comfortably. Whatever the style of your event, make sure that you plan out all of the aspects of the evening. Your coordinator and DJ can help you set up the evening so that guests won't leave early or experience long periods of waiting for the next thing to happen.

Much like the ceremony, you have the freedom to make your reception your own! It's your party, it should be exactly how you want it to be! Here is a list of some key events that happen often at receptions:

- Bridal Party Introductions
- First Dance
- Daddy-Daughter Dance
- Mother-Son Dance
- Anniversary Dance
- Money Dance
- Traditional Religious Dances

- Welcome by Father of the Bride
- Blessing
- Cake Cutting
- Toasts
- Bouquet and Garter Toss
- Large group portraits with friends
- The exit of the Bride and Groom

RECEPTION TIPS

The fun has begun! It's time to relax, dance and celebrate!! Your reception should be a BLAST! The last thing you need to be worrying about is your timeline. Your coordinator and DJ should take care of making sure that everything stays on schedule so that you can enjoy your night. Here are some helpful tips that will help your reception flow smoothly.

- **GUEST CONSIDERATION**: Take your guests into consideration when planning your timeline. If you have a lot of elderly guests that will not be staying until the very end, make sure you schedule the cake cutting at a relatively early time so that they can be a part of it. Grandma's love seeing this sweet tradition!
- **KEEP IT MOVING**: Chat with your coordinator about how you can plan your reception in a way that will keep guests engaged and moving all night!
- MAKE IT YOUR OWN: If you want to have a special dance with your grandparents, do it! Make your reception a reflection of who you are and don't feel tied to traditions. Also, make sure you give your DJ or Band a "Do Not Play" list if there are some songs you really don't want to hear during your reception!
- DON'T GET CAUGHT UP in the formalities and the details. Sure, details are pretty and fun to photograph, but they can steal the joy of the day if you get too caught up in them. (Just speaking from experience here) Plan your centerpieces, welcome table, etc. well before the wedding date, and teach your coordinator or family friend how to set them up so that you aren't even thinking about those things the day of!
- RECEPTION COVERAGE: If you haven't purchased enough coverage time for your photography to last until the exit, that's ok! We have several options! (See next page!) I recommend planning your timeline so that you can have at least one hour of dancing photographed. The guests who dance during the first hour will still be dancing in the third hour! One hour of dancing will be enough time to really capture the joy of your reception!

Night Time Portraits

ON CLEAR OR OVERCAST NIGHTS

Sometimes during the Reception, the Bride and Groom want to take a little break from all the celebrating and have a few moments alone. On evenings when the weather is clear, or at least not raining, I set up lighting in a location and then ask my couple if they're interested in taking a little break for some night time portraits. This isn't usually the first time that we've discussed doing this, so at this point they're excited to join me. Once we get to the location, I give them a pose and just stand back and let them enjoy some time alone. I snap a few shots and once the moment seems to be over, I make sure and let them know that they're ready to rejoin the party. My goal is to nail these night time portraits without keeping the Bride and Groom from their guests. It's a bonus if the night is really clear and I can capture some stars. The shot on the right was taken in August during the Perseid Meteor Shower. That is a single shot, not a composite. We just got really lucky and they were married at the peak of the meteor shower.

Night Time Portraits ON RAINY NIGHTS

Even though rain is actually 'good luck' on your wedding day, most brides would prefer to avoid this headache all together. And I don't blame them. Inclement weather can cause lots of stress and headaches on a wedding day. But fear not, once the reception is well underway and your guests are movin' and groovin' to the DJ or band playing, we can steal away and get some incredible rainy nigh time portraits. This is for my couple that are all about having fun and are a bit daring. Once again, I'll have this all setup before I grab my couple. It's usually just a few feet from the dry reception and I'll even provide the umbrella. It's true that your dress or pants might get a little wet from the rain, but you'll have an epic shot like this to hang on your wall. I think that's a pretty fair trade off. I'll only keep you for a moment or two and get you right back to your guests. Once again, my job is to create these memorable moments and offer them to my couples. It's entirely up to you, in the moment.

RECEPTION:

CONTROLLED EXITS

If your coverage ends before the very end of your reception and you are hoping to have an "Exit" shot captured, you have the option of planning to do a "Controlled Exit" with your bridal party! This is more common than you may think. Instead of saving your exit until the very end, you can plan a controlled exit with just the members of your bridal party and a few family members! This allows us to have more control over these shots and the party NEVER has to stop! In most cases, no one even notices that the bride and groom are missing for a few minutes!

3 REASONS A CONTROLLED EXIT IS BEST:

- 1. *Multiple chances at an epic shot :* When you do an exit shot at the very end of the wedding day, I only have one chance to capture the two of you as you run through sparklers or whatever type of exit you have planned. When you do a "controlled exit", I have multiple chances to capture several awesome exit portraits for you!
- 2. You haven't partied all night yet: This means that your makeup and hair are still in-tact for your exit shot! That's a win right there!
- 3. *Coordinated Colors*: When you are surrounded by your bridal party instead of wedding guests that could be wearing distracting colors, you can expect to have beautiful exits shots surrounded by your wedding colors!

KEEPSAKE ALBUMS

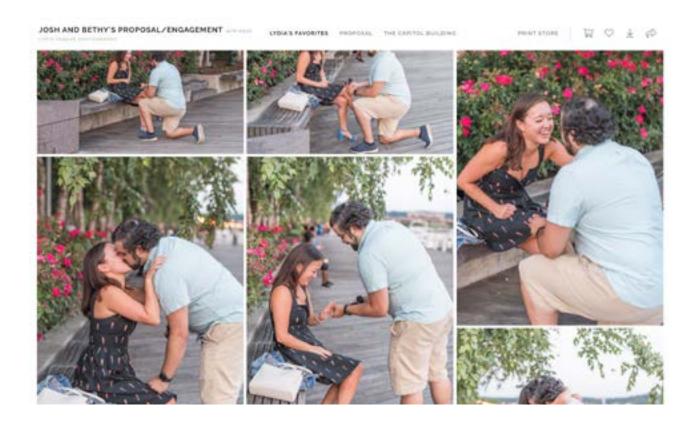

There is something special about creating your first heirloom. Being able to find this album and share with each other on your anniversary, or with your children one day, is precious. Having digital images is wonderful, but having a printed keepsake that tells a visual story of your wedding day is priceless! If you haven't already invested in a Keepsake Album of your own, you can always come back to me at any time and order one. But I hope that you see the value in printing these special memories.

SIZE OPTIONS: **8x8, 10x10, 12x12**

SAY THANK YOU WITH A PARENT ALBUM:

I didn't have any trouble picking out our parent's Christmas gifts the year we got married! Our parents did so much to make our wedding a dream come true and so we decided to surprise them with their very own albums on Christmas morning! Whether you're wanting to surprise your parents with a parent album for Christmas or want to order one anytime after the wedding day, just let us know and we'll create a heirloom album that they can cherish for a lifetime!

YOUR ONLINE GALLERY

Your online gallery will be a beautiful, accessible way to not only view your images but download them and share them as well. We want you to be able to save and share your images freely and without any hesitation and so there will not be any watermarks on your images and all of your images will be available to download in social media sized-resolution. You will receive a separate online gallery for your engagement session and your wedding day! Each gallery will begin with a folder of images titled "Lydia's Favorites". These images are what I consider the best of the best! On the next page, I've listed out some important information that will help you understand your online gallery and all that it can do!

DOWNLOADING PHOTOS:

You will be able to download your edited images directly from your online gallery and they will be social media ready resolution! This process is very simple! You can either click the "Download" option that you will find at the bottom of your gallery email or you can view your images in your gallery and download from there! When viewing your gallery, you will need to enter your name and email address initially to set up your account. Included in the Gallery Delivery Email is the URL and PIN. Please feel free to share both of these with your family and friends. These are your images and if you want your guests to see all of them, then that's your call. If you would prefer that only your immediate family see them so they can post their favorites of you together, then that is also your call.

ACCESSING YOUR PHOTOS ON YOUR PHONE:

The online gallery system that we use will work on mobile devices as well! It's simple and easy to download individual photos on your smart phone. We love this feature because it means that you have immediate access to all of your images when you're on the go! Also, just so you know, your images will be downloaded in social media ready resolution!

ORDERING PRINTS:

You can actually order professional and affordable prints from within your online gallery and have them shipped directly to your house! Print sizes range from 4x6 to 24x36 and are printed in a professional lab to ensure color and contrast accuracy! You are more than welcome to print images on your own. However, I would warn you to avoid Walmart, Target, Costco, etc. I cannot promise that your colors will print true-to-life if you choose to print from non-professional labs.

GALLERY EXPIRATION:

I have great news! Your gallery will be available for 3 months! During that time I will be working to order your USBs that will have all of your High Resolution images from your Wedding, Engagement, and Proposal, or whichever ones apply to you. The internet is amazing but it can also be unreliable. Please don't use your online gallery as a way to permanently store your images. I recommend checking your USBs and backing them up on a solid state, portable hard drive as a permanent backup while also using an online backup system like Backblaze.com for a secondary online backup.

SHARING, WATERMARKING & EDITING:

You have the freedom to share your images in any way that you choose! These are your images and I want you to love them so much that you can't help but share them! I don't believe that it is necessary to watermark our images. All I ask for is some type of credit whenever you use an image on social media! I only have ONE rule when it comes to what you can and cannot do with my work. I always encourage my clients to refrain from re-editing their images. Let me do that hard work! However, if you have an image or two that you want to print at a very large size and you find an imperfection, we will gladly perfect it! Just let me know!

NON-PROFESSIONAL PRINTS

How bad could it really be?

This is the original image that I edited and delivered to my couple. To the right, you'll see the most common print issues that clients experience when they choose to not print through their online gallery that we provide for them. We make sure to offer as many price sizes as possible at the most affordable price so that my clients can have access to professional quality prints for the images that they invested to much in. Investing in high-end photography but ordering prints at Target is similar to wearing an evening gown to a date night at Taco Bell. It just doesn't make sense.

SAMPLE PRINTING ISSUES:

High contrast, over-saturation and de-saturation

Once your images have been delivered via your online gallery, you can begin ordering professional prints. Your prints will be printed in a professional lab and then shipped directly to you.

USE THE CODE: "PROPRINT" for \$30 off an order of \$60 or more!

Special Care for 8x10's and 5x7's

For some reason, our culture has normalized print sizes that are not similar size ratios to the ratios that a camera captures. This means, when you are ordering an 8x10 or 5x7 print, you will need to pay attention to the "Crop" option and adjust the crop of your print before ordering! See example to the right!

THANK YOU!

Last, but certainly not least, THANK YOU for trusting me with your special day. I am so honored to be the one capturing your memories, and I cannot WAIT to celebrate alongside of you! Enjoy this season of planning but also remember that your MARRIAGE is more important than the wedding. The wedding will come and go in a matter of hours, but your marriage needs to stand the test of time. Continue to make time for one another even with all that needs to get done. As you continue to plan, please feel free to contact me with ANY questions you may have along the way! Depending on your date, our next step would be to finalize an engagement session! Also, about 8 weeks before the wedding, you'll receive an online questionnaire that will provide me with everything I need to know for your big day!! I hope this guide has been helpful as you continue to plan and prepare for your wedding day! Love, *Lydia*
